

Advance Trauma Care for Nurses

ATCN Instructor Course

- **Course Description:**

In this highly intensive two-day course, Course Educator and faculty concentrate on teaching a variety of methods used to present information, guide the learner, communicate constructive criticism and evaluate performance. Microteaching mini lecture and skill stations allow the participant to practice the role of the instructor.

- **Target audience and requirements:**

Individuals who perform well and are observed by the ATCN faculty to possess a teaching capability will be invited to participate in the instructor course.

- **Accreditation and awards:**

A successful candidate will receive an instructor card that remains valid for 4 years. Candidate will also receive 12 Continuing Medical Education (CME) hours by the STN Society. This course is jointly accredited by the American College of Surgeons and Society of Trauma Nurses (STN).
