

Heart saver Course

Heartsaver

American Heart Association
Learn and Live

**AUTHORIZED
TRAINING
CENTER**

- **Course Description**

The Heart saver AED with Pediatric CPR Course teaches the basic techniques of adult CPR and use of an AED. Pediatric CPR skills are especially useful to students who live or work in a setting where children are present. Students also learn to use barrier devices in CPR and give first aid for choking for responsive adult, child and infant victims.

- **Audience:**

Non-medical people or responders like security personnel, teachers, parents, lifeguards, airline personnel, corporate employees, family members of patients at high risk for sudden cardiac death, other rescuers, and those who need or want to learn CPR and how to operate an AED.

- **Student Materials:**

Heart saver with AED Manual.

- **COURSE LENGTH:** One day courses .

****Students must successfully complete manikin skills and a written evaluation with minimum of 84% .**

- **Graduates of the Courses will receive:**

Heart saver certification and completion card from AHA valid for 2 years .
